McMichaels Gives Startling Evidence Before House Probe Committee

PUTS M... BAD

Witness Punctuates Testimony by Blowing Smoke Rings Around Interrogators

WASHINGTON, Aug. 15.—A story of how lobby work for the National Association of Manufacturers was done from the inside of the house of representatives was related to the house investigating committee today by J. M. McMichaels, former chief page of the house. McMichaels, dressed in a suit of blue and white serge, McMichaels blew clouds of smoke from a pipe in the face of the members of the committee as he sat in the witness chair, while he testified in vivid and picturesque language.

At the fall of 1911 until January, 1912, McMichaels was chief page of the house of representatives. He was then transferred to the office of the speaker, where he remained until the fall of 1912. He then returned to the house of representatives, where he remained until the fall of 1912. He then returned to the house of representatives, where he remained until the fall of 1912.

GLYNN DEMANDS SULZL VACATE

FATHER REFUSES AND SUGGESTS COURTS

Acting Governor Declines Proposal for Arbitration of Complicated Question

ALBANY, N. Y., Aug. 15.—Martin H. Glynn tonight checkedmate the movement of William Sulzer to invoke the arbitration of the courts on the question as to which of the two in the present lawful chief executive of the state of New York.

Replying to a formal proposal by the impeached executive to submit the issue to adjudication on an agreed statement of facts, Mr. Glynn tonight declared it was beyond his power to barter away any of the functions attaching to the office in which I am placed by your impeachment.

"Any attempt on my part to do so," he said, "or to stipulate a method by which it might be done, would properly place me in the position you now occupy—that of being impeached for malfeasance in office."

Mr. Glynn declared further that he proposed to perform every function of the office of governor, "except insofar as I am restrained by your illegal action or by physical force."

Refuses Sulzer's Plan.

The announcement of the lieutenant governor's policy came late tonight and followed negotiations between the executive council of the two men in the late afternoon. Glynn, it is then supposed, had reached in a virtual ultimatum to take the case to the court of last resort.

Mr. Glynn's letter, addressed to the honorable William Sulzer, and in which he refused to accept the plan of arbitration, was received by the acting governor late tonight.

MAXINE AUBUCHON, FOUR MONTHS OLD, IS ONLY 'PERFECT' BABY FOUND IN COUNTY

Judges Give 'Tiny Lass' Perfect Score; Other Prize Winners at Baby Show Announced

Scoring 1,000 points out of a possible 1,000, Maxine L. Aubuchon, 4 months and 1 day old, yesterday afternoon was declared the champion baby of El Paso county by the judges of the "better babies" contest which has been held in connection with the El Paso County Horticultural society's flower show at the dance pavilion at Stratton park.

Here is the finest baby, according to the Colorado Springs people who have watched these contests, that has been made in this county. The tiny lass receives the prize of \$50 that goes to the champion baby, and receives first prize among the babies from 4 to 12 months old. This prize is \$5.

The champion is the daughter of Mr. and Mrs. John D. Aubuchon of 15 North Walnut street. Her father is a member of the Colorado Springs fire department.

Other Babies Win Prizes.

Four prize winners were named from each of the three classes of babies, and four from each class were given honorable mention. All of them scored high—all the babies brought into the show were near perfection—and some of the prize winners were babies who came within one point of some of those who were named as prize winners.

Class 1 included babies from 4 to 12 months old. The prize winners named in this class were: Maxine L. Aubuchon, first; Glenn Harlan, second; Albert H. Haudell, third; and Felina Seigel, fourth. Those receiving honorable mention were Bertha L. Carpenter, George Roth, Frank E. Little and Hattie E. Rogers.

FALLS TO PAVEMENT FROM TRICYCLE; GIRL MAY DIE

Thelma Roddy, 11 Years Old, Sustains Internal Injuries in Queer Accident Last Night

Thelma Roddy, the 11-year-old daughter of Mrs. Thelma Roddy, was seriously, perhaps fatally, injured about 9 o'clock last night when she fell from the pavement from a tricycle she was riding in front of her home, 1524 Lincoln avenue.

The child was rushed to Beth-el hospital, unconscious, in the Boone ambulance. While no bones are broken, the little girl is suffering from internal injuries and her condition is considered critical.

The cause of the accident is not known. The child had been riding up and down the block in which her home is located for some time and her father was paying much attention to her. Glancing up one of the neighbors saw her fall and rushed to her assistance when she did not arise immediately.

The little girl was unconscious. She was carried to her home where, after making a brief examination, a physician ordered her to a hospital.

PLANT SCIENTISTS MAKE DISCOVERIES NEAR PEAK

The 25 European and American scientists who are spending 10 days on the slopes of Pikes Peak, studying the vegetation, are closing their investigations from daylight until dark.

Yesterday the botanists studied the plants in the forests along the Milky Way, Jones Park, and El Glen. A discovery of importance made by Prof. P. E. Clements, was investigated by the scientists. It consisted in the location of a quantity of aspen trees with the pine, indicating a heavy fire of 50 or 60 years ago. On the north-east slope of Pikes Peak, the pine has been replaced by a closed forest of Douglas fir and balsam.

Today the scientists will follow the trail along the Cog road to the Halfway house into the open above, where striking stages of secondary succession from fire can be seen. They will visit Castle and Ruxton canyons. A question box and colloquium are held late in the afternoon and in the evening to the visitors who discuss what they have seen during the day. There will be no excursions tomorrow, but Monday the scientists will take a drive to Lake Moraine, Dead lake and Seven lakes.

KANSAS PRAYING FOR RAINS NOW

CLERGY AND LAYMEN IN UNITED SUPPLICATION

Governor Asked to Proclaim Day of Public Prayer Throughout State

KANSAS CITY, Aug. 15.—Prayers for rain were asked for in Kansas and Missouri today by citizens and clergy. In Kansas scores of persons wrote to Governor Hodge, asking him to issue a proclamation calling for a day of public prayer. The governor, however, declined.

"I believe in the efficacy of prayer," he said, "but not in case of flood or drought."

Bishop J. J. Hennessey of the Roman Catholic diocese of Wichita, Kan., issued an order that on next Sunday, an hour should be given in each church in the diocese for special devotions and " fervent prayer to our Blessed Lord, to terminate the present unusually protracted dry spell."

At Springfield, Mo., the Rev. J. E. McDonald, pastor of the St. Pauls Methodist Episcopal church, announced services would be held tomorrow at 4 o'clock open to the public, when prayers would be offered for rain. The section near Springfield is experiencing one of the most serious droughts ever known.

Ask Statewide Prayer Meeting.

Many of the letters to Governor Hodge declared the writers and their families and friends, and the ministers in the churches, generally, had prayed for rain, but the prayers had not been answered. The writers declared their belief that if the entire citizenship of the state would join in a general prayer, God would not fail to answer it at once and send the much-needed rain.

Just obtained a shaft through the earth.

The Father A. Weaver, at 1515 N. 10th street, St. Paul, Minn., has been asked to lead a prayer meeting for rain in Kansas. He has been asked to lead a prayer meeting for rain in Kansas.

Another Kansas drought was affected by the drought today. Shortage of water in the mines in the Galena district, where an ease of water usually is a burden, has greatly curtailed the output of the mines and, as a result, the price advanced today from \$2 to \$3 per ton.

The drought is nearly dry that the same water has been reported the names of 40 men whom he charged with violating the law by killing fish with clubs and guns.

Leaves are falling from trees as though October were the month, instead of August. The trees themselves seem to be dying. Both fruit and shade trees are affected, and unless rain comes soon, horticulturists say many of each kind will die.

Good rains were reported this afternoon east and south of Guthrie, Okla., and at Chebania, in that state. A half inch of rain fell at Oklahoma City.

The maximum temperature in this city was 101, and the government forecast tonight said the prospect for rain was better than it had been for two weeks.

ST. PAUL, MINN., Aug. 15.—Two downpours, one death from heat and numerous prostrations marked the heat wave in St. Paul today. The maximum temperature was 98.

Temperatures ranging from 92 to 100 were recorded in many towns in Minnesota, according to reports received here.

MINNEAPOLIS, Aug. 15.—The government thermometer late today registered 100 degrees, heating all August records in the history of the local weather bureau. Three prostrations were reported today.

HONG KONG, Aug. 15.—Five thousand persons are reported to have been killed in the fighting that is going on in Canton and its environs between government forces and rebels. Losses on both sides are heavy. A large number of prisoners have been taken. The rebels have been driven from Canton, and are now in the mountains. The government forces are now in Canton, and are now in the mountains.

MEXICO NOW HAS MESSAGL FROM WILSON

Governor Lind Confers With Senor Gamboa Over the Present Situation

GETS COIDIAL RECEPTION

MEXICO CITY, Aug. 15.—President Wilson's message to President Huerta now is in the possession of the government, which may be expected to reject it or return some answer shortly. Foreign Minister Gamboa, in the two conferences he has had with John Lind, President Wilson's special representative in Mexico, came to the conclusion, with the consent of President Huerta, that the simplest way to an end of the controversy was to accept the document for President Huerta and his cabinet and study it.

It would appear now that as the message has been in the possession of the government since Thursday night and no action concerning it has yet been taken, the government is not yet decided as to whether to accept it. It is argued by those who have been watching the efforts of President Wilson to effect a settlement of Mexico's difficulties that the longer Mexico delays her answer, up to a reasonable time, the more it is on the edge of hope that President Huerta is prepared to accept a friendly consideration to the document.

Lind's Cordial Reception.

The arrival of the American minister in Mexico City was greeted with a cordial reception. Lind was received by the Mexican government officials and was given a tour of the city. Lind was received by the Mexican government officials and was given a tour of the city.

GOVERNORS' JOINTNESS PROVES AILMATION

Other Cabinet Members Urged to Attend; Will Complete Program Today

Franklin K. Lane, secretary of the interior, will attend the conference of governors in Colorado Springs, the week beginning August 26, according to definite word received by the Chamber of Commerce yesterday from Congressman H. H. Selldembridge.

Secretary Lane is on a tour of the west and at present is in Tacoma, Wash. Henry C. Hall, chairman of the committee in charge of bringing the cabinet officer here for the conference, has wired the secretary asking him for his itinerary, that the local officials may know when to expect him and how long he will stay.

Wilson Urged Again.

Although President Wilson has once declined an invitation to attend the governors' conference, saying the sessions of congress would keep him in Washington, Governor E. M. Ammons has again urged him, urging him to be present at least a few days. As yet no answer has been received from the nation's chief executive.

Governor Ammons also has urged Governor Lee of Oklahoma, urging him to attend the conference, as he has promised and given his address on a State Department of Efficiency and Economy. Governor Lee has declined, claiming that he is not in full accord with the government and that he is not in full accord with the government.

Final details in the program of entertainment for the governors will be completed today, when Governor Ammons' secretary, Herbert Fairchild, will hold a conference here with Secretary W. Henderson of the Chamber of Commerce and Manager W. B. Jennings of the Antlers hotel. Little remains to be done. Governor Ammons' completion of the arrangements when he was in Colorado Springs several weeks ago.

was to deliver President Wilson's note. As an indication of the determination of Mr. Lind to conduct himself that he cannot be criticized for talking too much in unofficial quarters, he today refused to grant an interview to a group of well-known politicians, including a number of members of the chamber of deputies. The roughness of what is known as the reform element and were those supporters of the late President Madison. Mr. Lind told them that until his official mission was fulfilled, he did not desire to discuss Mexican politics with other persons than officials.

Desires of U. S. Not Known.
WASHINGTON, Aug. 15.—The Huerta government, through conference between John Lind, President Wilson's personal representative, and Foreign Minister Gaitan, now knows the viewpoint of the United States and its desire for a peaceable and friendly solution of Mexican troubles. The formal communication, Mr. Lind bears, however, will not be handed to Mexico before Monday, at least, when it will be transmitted to diplomatic representatives of foreign powers in Washington.

What the result of publishing these views will be, officials here do not venture to guess. They have no assurance that the Huerta government will accept them, but they believe the spirit thus far shown by the Huerta officials in this regard is a hopeful feeling for the success of Mr. Lind's mission.

Officials of the situation, especially looking to a permanent solution of the Mexican problem, are following the precedents of President Wilson's message to the Huerta government, which is expected to be published in the near future. President Wilson's message is expected to be published in the near future.

Agreement Expected Soon.
The Huerta government has agreed to the Wilsonian plan, and the agreement is expected to be published in the near future.

UNIVERSAL SUFFRAGE FOR WOMEN, SLOGAN

Three-Day Meeting in Washington Ends; Jane Addams Speaks

WASHINGTON, Aug. 15.—Miss Jane Addams of Chicago tonight addressed a mass meeting, marking the conclusion of a conference here of the National Council of Women Voters, representing about 4,000,000 feminine voters in several western states.

More than one woman can recall, she said, "some cherished project that has been modified by uninformed legislation during the process of legal enactment that the law finally passed injured the very people it was meant to protect."

She has discovered that the unrepresented are always liable to be given what they do not want by legislators who merely wish to placate them. A child labor law, exempting street traders, the most dangerous of all trades to the children's morals, a law releasing mothers from petty industry that they may rear worthy children, provides an inadequate pension that overburdened women continue to face the necessity of neglecting their young in order to feed them.

The final session of the council today discussed plans for the new bureau for political education for women voters. Miss Helen Todd of San Francisco was placed in charge of the bureau.

The council endorsed: Motherhood pensions, minimum wages for women, health certificates for marriage, workmen's compensation act, extension of the eight-hour law, "childers" provision, the "red light" law, or laws in industry and establishment law, industrial training schools for delinquent girls and antipollution punishment laws.

Pres. Wilson Gets Box of Peaches at New Parcel Rates
WASHINGTON, Aug. 15.—Postmaster General Burroughs today inaugurated the new regulation—changing the parcel post rates and weight limits, including President Wilson's box of fine Georgia peaches. The box, which weighed 12 pounds, with a postage charge of 12 cents, was delivered at the White house early in the day, with it came a note in which the postmaster, general, said:

"This is an illustration of the opportunity which has been opened to the farmer, the horticulturist, the manufacturer and to every citizen of the country who will avail himself of this valuable adjunct of the postal service, the phenomenon of the commerce and happiness of our people."

The new regulation, which became effective today, raises the maximum weight of parcel post packages from 10 to 15 pounds and makes certain changes in rates. The local delivery of parcels was reduced from 10 cents on the first pound and 1 cent for each additional pound of fraction thereon, to 5 cents for the first pound and 1 cent for each additional pound or fraction thereon. The first pound and fraction, however, is a reduced rate of 4 cents, and 1 cent for each additional pound and fraction thereafter.

EFFORTS TO AVOID STRIKE ARE FUTILE

STORM DOES GREAT DAMAGE IN CANADA

Standing Grain Flattened to the Earth; Two Deaths Are Reported

WINNIPEG, Man., Aug. 14.—The seriousness of the storm that early today swept the provinces of Manitoba and Saskatchewan, leaving death and destruction in its wake, was indicated by belated reports tonight which told of the serious damage to crops in many sections.

Although many reports of injuries have been received, only two deaths have become known.

The 60-mile gale was accompanied by a deluge of rain that almost reached the proportions of a cloudburst. Standing grain in many sections was flattened to the earth.

In several towns buildings were demolished, freight cars blown from tracks, telegraph and telephone wires torn down and trees uprooted.

of the United States and its firm intention to protect the lives and property of Americans in Mexico.

Mr. Penrose asked Chairman Bacon of the foreign relations committee if he would reveal the status of Hale.

"I decline to answer," replied Senator Bacon.

Declining to answer will not continue to be satisfactory to the senate or to the people of the country," rejoined Senator Penrose.

Hale, Mr. Penrose declared, had been active in Mexico City conveying the impression that he is the representative of President Wilson, and had been in conference with Mr. Lind since the envoy's arrival.

Takes Rap at Hale.
Senator Penrose added that he had known Hale several years and that he left Arizona in 1908, it was under circumstances which he need not "make any mention."

"The senator Dr. Hale's connections are severed, better for the United States," Hale now in Mexico, he concluded. The resolution calling for information went over until tomorrow.

Senator Lodge charged that the Democrats were trying to treat the Mexican situation as a party affair. His statement, made in bitter terms, followed a declaration by Senator Bacon that "force meant war."

"Everything is being done that can be done," Senator Bacon declared, "short of using actual force and force means war and war is not a thing to be hesitated in hurriedly and rashly to be encouraged by intemperate speeches at this time."

Attempts by Democratic leaders to stop the Mexican discussion and turn the senate back to the tariff bill brought an outburst from Senator Lodge.

President of the People.
"I want to support the president in every way possible on this Mexican matter," he cried, addressing the Democrats. "He is a noble president, and he is the president of the American people, not just his name as yours. But I have no partisanship in the handling of this Mexican situation. You can't do it without going to the people and the power of your nation on this Mexican question. This question cannot be disposed of that way; it can only be dismissed with a smile and a sneer."

Another resolution by Mr. Penrose calling for reports as to happenings in Mexico since January 1, 1913, was introduced by Senator Penrose, calling for a joint investigation by the house and senate committees to determine what measures the navy was being made and what naval program was under consideration were introduced.

In a demand that the senate should pass or consider a resolution and the foreign relations committee be authorized to take them up, Senator Bacon urged that it be passed and sent to the president.

Hundred Americans Killed.
When the senate is deliberating on the resolution introduced by Senator Penrose, a report came from Mexico that 100 Americans had been killed in the recent fighting between the revolutionaries and the government forces.

The report said that the revolutionaries had killed 100 Americans in the recent fighting between the revolutionaries and the government forces.

LYNCH ANSWERS NEW BILL WOULD NIBLOCH CHARGE CREATE MACHINE

ADMINISTRATION WINS SPLIT OVER CURRENCY BY VOTE OF 189 TO 54 BILL GROWS WIDER

Pittsburg Cash Reviewed on Held Up as Hydra-Headed Monster; "Insurgents" Force Adjournment

NASHVILLE, Tenn., Aug. 15.—The eight-hour law was disregarded by the international Typographical union convention today when the delegates remained in continuous session from 9:30 a. m. to 6:15 p. m., eight hours and 45 minutes.

The one big feature of the long session was the hearing and rejection of the Pittsburg appeal. The names of United States Senators Oliver and Penrose of Pennsylvania and the alleged use of a secret telephonic device figured in the debate. As on all previous occasions, the administration won when the appeal was rejected and the executive council was sustained by a vote of 189 to 54.

The "Pittsburg case" grew out of the sending of an organizer to Pittsburg by the executive council acting in its capacity under a contract made by the Pittsburg local. The contract, it was alleged, was abrogated, and the executive council refused to pay the expense of the organizer, charging the sum to the Pittsburg local which also refused to pay. The executive council then denied the Pittsburg union the privileges and benefits of the organization. The case was taken to the federal court by the Pittsburg union, but the court refused to consider the case until it was seen whether or not it could be settled by the I. T. U.

Gives Credit to Senator Oliver.
In the discussion today, Delegate Charles J. Nibloch asserted that the unionization of five Pittsburg newspapers was due to Senator Oliver and not to the I. T. U. organizers. He declared that Senator Oliver, owner of three Pittsburg newspapers, had aspirations to be elected United States senator and that Senator Penrose advised him he could not be elected until he made friends with union labor. Then, said Mr. Nibloch, Senator Oliver unionized his papers and subsequently was elected United States senator. Delegate Nibloch further asserted that the executive council violated section 174 of the laws of the organization and that the privilege of passing upon applicants for membership was taken away from the Pittsburg local by the executive council and President Lynch.

Reigning the chair, President Lynch replied to Delegate Nibloch. He declared that Senators Oliver and Penrose were interested in unionizing the Pittsburg newspapers for the reasons asserted and said that at the time Mr. Oliver was not a candidate for the United States senate. President Lynch charged that the action taken by the Pittsburg union was a movement to disrupt the local treasury and to throw the I. T. U. into the hands of a receiver. He spoke in strong terms.

President Grimes of Pittsburg union No. 7, the next speaker, charged that Daley, the I. T. U. organizer, and others tried to get evidence against him with a secret telephonic device and denounced President Lynch vigorously. The convention expects to resume its deliberations tomorrow at 11 a. m.

Otto C. Knell, Eminent Commander of Wisconsin No. 1, of Milwaukee, reports a fine commandery in Milwaukee. At that place, after the old Minnesota temple was burned down, the commandery borrowed about \$25,000 and built a \$75,000 temple which is being used for rapidly.

Among the visitors at the local temple was J. H. Lucas, formerly pastor of the first Christian church of this city and for four years chaplain of the state penitentiary at Joplin, Mo. He is now conducting a pastorate at Joplin, Mo. and was highly pleased with the entertainment given at the visit to the local commandery.

Drilled Three Years.
Although disappointed at being unable to take 2nd place in the drill competition at the Denver convocation, the order of the members of Englewood commandery is far from dampened, for they already are planning to attend the 1915 convocation in Los Angeles and carry off the first trophy. Three years of hard drill practice will be carried out, and the commandery, already recognized as one of the best drilled in the country, expects to be named the best in 1914.

Englewood commandery has a good record in drilling. Six years ago, as Englewood, the Chicago team took fourth prize in the convocation competition, and three years ago, in Chicago, took first prize in the drill contest. Last fall, at the annual state convocation in Florida, the team took first prize for Illinois. At the Denver convocation its score was 92.2, while that of the winner of first place was 92.0.

Englewood commandery has been in charge of Captain Benjamin S. Wilson, past commander for some 21 years, and has reached almost perfection in drilling. The team is composed of 110 men, and is led by a drum corps of 24. During the many years it has been drilling it has rapidly improved, and now has mastered practically all known formations, including the most difficult army movements.

Exhibition Drill Here
Eminent Commander Abbott probably will arrange for an exhibition drill in Colorado Springs some time during the stay in the city. Many requests for the exhibition have been made, and it likely will be arranged for tonight.

Among the officers of Englewood commandery in Colorado Springs are Will R. Meek, Ralph E. Lidster, W. O. Budd, Irvin A. Rice and Ben Wilson, all past commanders, Charles A. Mayo, generalissimo, J. A. Loxter, captain general, James T. Downey, senior warden, and Charles R. Fuller, junior warden.

How to Get Rid of Eczema

If you brush your hand, you will notice that a rash forms, and when it falls off, new skin has formed. This is the same as the skin on your hand. All the material that your stomach and intestines convert from food into what we call blood. And this blood circulates in the myriad of tiny blood vessels in the skin. Start from your stomach, where blood materials begin, and it won't be long before you are free of eczema. Use S. S. S. for a short time, and not only will eczema disappear, but the entire blood will be renewed. Why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin affections.

Get a bottle of S. S. S. at any drug store, and you will not only feel better, but you will be cured.

SELDONRIDGE SILENT ON POSTMASTER JOB

Not to Recommend Appointee at Local Office Until Congress Adjourns

Representative H. E. Seldonridge, determination to withhold his recommendation of an appointee to the postmaster of the Colorado Springs office until after the adjournment of the session of congress is causing more than one Democrat in this city some sleepless nights. Apparently there are about 20 men in Colorado Springs who believe they have a chance of being appointed postmaster. Each has secured a long list of endorsements and such is working day and night to impress Congressman Seldonridge with his claims.

But the congressman is determined to do nothing in the way of recommending an appointee until congress adjourns. And from 1908 reports there is little likelihood of the present session terminating before November 1st at least.

Postmaster Alex Strachan's term expires January 23, but he will continue in office in case no appointment has been made until some one is fully accredited as his successor.

GOVERNOR ANNOUNCES YESTERDAY NAMED CLINTON W. ZIEGER OF COLORADO SPRINGS AS ONE OF THE FEW MEMBERS OF THE NEW STATE BOARD OF OPTOMETRIC EXAMINERS, WHICH WAS PROVIDED FOR BY A BILL PASSED IN THE LAST LEGISLATURE.

The new bill requires that all persons in the state of Colorado who fit glasses and dispense optical work must pass an examination prepared by the state board of examiners, after having had at least five years practice. The date for the first examination has not yet been set, since the new board has not been organized.

Three members of the new board came from Denver, one from Trinidad and one from Colorado Springs. Each receives \$5 a day and expenses during his active service. At present all states in the Union have similar examining boards.

The new board's examinations will call for knowledge and experience that will put the state of Colorado in the forefront of the optometric business, said Mr. Zieger. Moreover, it will improve the eye sight of Colorado people. It is largely due to recent advances in optometry that the new law was put up to the last legislature, because scientists are showing the relation of certain eye sickness and nervous disorders.

Perfect eyes are a great asset. Known eyes of the eye have been demonstrated by both optometrists and ophthalmologists. In the past, the standard of optical work in Colorado is bound to improve. Hundreds of people suffer from eye strain and never know it. Eye strain is one great cause for children learning slowly.

George Bradford, living at Riverside hotel, Colorado Springs, reports that he had a very severe case of kidney trouble and backache, which was cured by the use of Chamberlain's Kidney and Bladder Pills. He says that he had tried many other remedies but they did not cure him. After taking a few boxes of Chamberlain's Kidney and Bladder Pills, he was cured. He says that he is now in perfect health and is able to do his work as usual.

SELDONRIDGE SILENT ON POSTMASTER JOB

Not to Recommend Appointee at Local Office Until Congress Adjourns

Representative H. E. Seldonridge, determination to withhold his recommendation of an appointee to the postmaster of the Colorado Springs office until after the adjournment of the session of congress is causing more than one Democrat in this city some sleepless nights. Apparently there are about 20 men in Colorado Springs who believe they have a chance of being appointed postmaster. Each has secured a long list of endorsements and such is working day and night to impress Congressman Seldonridge with his claims.

But the congressman is determined to do nothing in the way of recommending an appointee until congress adjourns. And from 1908 reports there is little likelihood of the present session terminating before November 1st at least.

Postmaster Alex Strachan's term expires January 23, but he will continue in office in case no appointment has been made until some one is fully accredited as his successor.

CHAMBER OF COMMERCE ELECTS F. A. PERKINS

Prominent Business Man Is Named as New President of Commercial Organization

Frank A. Perkins was elected president of the Chamber of Commerce to succeed Charles T. Wilder, re-elected, at a meeting yesterday of the board of directors of the organization. He is a prominent business man of the city and is well known to the members of the chamber.

THE FIRST SHAN KIVE CONCESSION LET FOR SUMMER CARNIVAL

Committee Receives Many Bids—Let of Shan Kive Subscribers Will Be Given Out Monday

The first Shan Kive concession, that for merry-go-round, was let yesterday by the concessions committee of the big Indian festival, and propositions on confetti and lunch stands were received but not definitely settled. The list of subscribers to the expense fund will be given out Monday.

The corral and the fence around the race track at the Shan Kive grounds are now finished, and work on the entrance will commence at once. To supply water for the Shan Kive it was found necessary to lay half a mile of pipe from Adams crossing to the grounds. The Master Plumbers association of Colorado Springs has done the work, amounting to \$50, toward laying it.

Diarrhea Quickly Cured. "I was taken with diarrhea and Mr. Taylor, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to." writes M. E. Gebhart, Oriskany, Pa. That is not at all unusual. An ordinary attack of diarrhea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers. Adv.

GOVERNOR ANNOUNCES YESTERDAY NAMED CLINTON W. ZIEGER OF COLORADO SPRINGS AS ONE OF THE FEW MEMBERS OF THE NEW STATE BOARD OF OPTOMETRIC EXAMINERS, WHICH WAS PROVIDED FOR BY A BILL PASSED IN THE LAST LEGISLATURE.

The new bill requires that all persons in the state of Colorado who fit glasses and dispense optical work must pass an examination prepared by the state board of examiners, after having had at least five years practice. The date for the first examination has not yet been set, since the new board has not been organized.

Three members of the new board came from Denver, one from Trinidad and one from Colorado Springs. Each receives \$5 a day and expenses during his active service. At present all states in the Union have similar examining boards.

The new board's examinations will call for knowledge and experience that will put the state of Colorado in the forefront of the optometric business, said Mr. Zieger. Moreover, it will improve the eye sight of Colorado people. It is largely due to recent advances in optometry that the new law was put up to the last legislature, because scientists are showing the relation of certain eye sickness and nervous disorders.

Perfect eyes are a great asset. Known eyes of the eye have been demonstrated by both optometrists and ophthalmologists. In the past, the standard of optical work in Colorado is bound to improve. Care Counts

The issues of life and death depend on the potency of a drug sometimes—often than we are apt to think. When your physician prescribes a remedy he expects certain results; if this remedy supplied be lacking in purity or strength, it may fail in its purpose.

We Think of These Things

We take care to see that every drug we use in Prescriptions is absolutely pure and of standard potency. We are careful about compounding also. No matter by whom your prescription was written, or on whose blank it is written, we can fill it correctly. We have had ample experience, and can assure you that if you permit us to compound your prescriptions you can feel secure about them.

EVERYBODY HAS A HOUSE NEXT DOOR.

J. Hartley, Manners' masterpiece, "The House Next Door," will be presented by the Burns players at the Burns theater all next week. The play will commend itself to every sound intelligence, for it contains the same truth of brotherhood as set forth in Lessing's "Nathan, the Wise." Such teaching is wholesome and in the Manners' play, it is convincing. In effect "The House Next Door" is pure comedy, with touches of emotion which reach the heart. It is entertaining because of the domination throughout of the character of Sir John Colvold, with that pride of race, ancestry and social position, which perhaps only an Englishman holds with unalterable and fierce tenacity. The piece has two love stories, adding touches which make the drama alluring, for it is true that all the world loves a lover, and that the world's oldest story is never twice told the same way.

Scientifically, the settings, which are of modern English interiors, will be all that could be desired.

Remember, the curtain goes up promptly at 8:15 p. m. Box office open from 9 a. m. to 9 p. m. Children under six not admitted.

ACTION INSTITUTED TO DISSOLVE PARTNERSHIP

Suit for the dissolution of the partnership known as the Modern Steel and Iron company, whose plant is located at 313 Hayes avenue, was filed in the district court yesterday by B. N. Weinshelm, one of the partners, against the other partner, A. T. Petersen. Weinshelm alleges that Petersen is violating the partnership agreement, particularly in the matter of handling the funds of the company. He claims that Petersen is using the company's funds to pay private debts, and that he will seek the company's assets to satisfy them.

Weinshelm asks that the business be closed up, the partnership dissolved, and a receiver appointed, as well as that the effects of the company be sold and the proceeds applied on its debts. He asks that the surplus, if there is any, be disposed of according
